

BIOMEDICAL NEWS LETTER

Ziauddin University
Karachi

01st October to 31st October, 2020

Re-commencement of Academic Session

After the lifting of lockdown due to COVID-19 pandemic, university was reopened on **19th October**. Students, faculty members and staff carried out their routine by observing social distancing protocols and followed the SOPs defined by the government and university administration.

Graduating Students' Week 2020

As a tradition of every final year batch, this year as well students of final year arranged a students' week to celebrate their last academic days. For their week, students prepared many fun activities for every day. Starting with the **Movie Day** on 26th October, students selected a movie and watched together in the auditorium.

Colors Day is all about wearing your favorite attire and celebrating the serenity, inspiration and wisdom around you. Students held blue day event on 27th October and wore all blue outfits.

On 28th October, students arranged a unique lunch activity called **Half Day Cafe** and also invited faculty of biomedical engineering department. Lunch was based on restaurant theme and students acted as waiters, chefs and entertainers. Faculty was served with starters and shortly after lunch was served followed by the rapid-fire round between faculty and students. Teachers acknowledged and appreciated the hard work and effort put into the arrangement by students.

For the final day on 29th October, students arranged a **Luncheon** in BAM-BOU *Simply Chinese* restaurant and enjoyed their day off.
